

## Export Control

### Military Goods

Novotechnik produces sensors and sensor systems for linear and rotary measurement for applications in industrial and automotive industries and is no producer of armaments or war goods.

### Non-Dual Use Statement

We confirm that for our products no export licence/ export permission for Dual-use item is required.

The goods are not listed on export lists referring to the EG-Dual Use-Dual-Use-VO (EU) 2021/821.

Independently we point out, that you as applicant/ exporter must follow the actual laws, regulations and embargo directives self-reliant.
